Haidar Ali

Front End Developer - React JS

Experienced and highly skilled Front End Developer with a passion for creating exceptional user experiences. Proficient in React.js, Next.js, and TypeScript, with expertise in HTML, CSS, SASS, Bootstrap, Tailwind CSS, and Material-UI. Developed several popular websites and web applications, including a quiz website, online course, and live chat. Strong problem-solving skills and ability to work independently or as part of a team. Seeking a challenging role in a leading organization where I can utilize my skills and experience to deliver innovative solutions and drive business success.

Experience

○ 2022 - 2023

ArainX

Front End Developer - React JS

As a front-end developer - react js at ArainX, I specialize in creating responsive and user-friendly web applications using modern technologies such as HTML, CSS, SASS, Bootstrap, Tailwind CSS, Material-UI, JavaScript, TypeScript, React.js, Next.js, and Node.js. With a passion for coding and an eye for detail, I am dedicated to delivering high-quality software that meets our clients' needs. I am constantly learning and keeping up-to-date with emerging trends and technologies in front-end development to provide the best solutions for our clients.

○ 2021 - 2022

RB Sol

Front End Developer - React JS

As a front-end developer - react js at RB Sol, I specialized in using HTML, CSS, SASS, JavaScript, Bootstrap, and React.js to create responsive and user-friendly web applications. With a keen eye for design and a passion for coding, I was committed to delivering high-quality software that met our clients' needs. I am always eager to learn and stay up-to-date with the latest technologies to provide the best solutions possible.

Certification

○ 2021

React JS

Proficient in creating highly responsive web applications using modern web development frameworks and technologies. Possesses a strong ability to translate designs into efficient and effective code, utilizing the latest development tools and methodologies. Completed a comprehensive course on React JS and Javascript on Udemy, with a focus on creating dynamic, scalable web applications.
